Major: _____

This **Student Intellectual Property Undertaking** (hereafter the "Undertaking") is entered into by the undersigned student ("Student") at King Fahd University of Petroleum & Minerals ("University"). For the purposes of this Undertaking, "Intellectual Property" (or "IP") includes inventions, discoveries, software, designs, processes, know-how, data, and other intangible assets, whether or not patentable or legally protected.

The Student acknowledges and agrees to the following obligations:

1. IP Disclosure and Assignment

The Student agrees to disclose to University's Innovation & Technology Transfer and assign to the University any and all rights, title, and interest held by the Student in any IP that meet all of the following conditions:

- a) That are developed, created, or conceived during the Student's active enrollment in a University graduate program (excluding any time before enrollment or after graduation, withdrawal, or termination);
- b) That are developed as part of the Student's academic activities, including coursework, research projects, thesis, or dissertation;
- c) That involve co-creation of IP with a University employee, including but not limited to faculty members, researchers, post-docs, or staff, as a co-inventor or co-author.

2. Cooperation in IP Protection

The Student shall fully cooperate with the ITT in securing appropriate legal protection for the IP described in Section 1. including executing all required documents to formalize the transfer of rights, and the University will bear the costs associated with obtaining such protection.

3. Compliance with University IP Policy

The commercialization and any associated financial rights of the Student in IP assigned to the University, including the possibility of a royalty-free license for a Student-created startup,

College of Graduate and Interdisciplinary Studies

shall be governed exclusively by the University's Intellectual Property Policy, including any future amendments thereto.

4. Execution Without Alteration

This Undertaking must be signed as is, without any handwritten edits, additions, or modifications.

Acknowledgment and Signature

By signing below, the Student affirms that they have read, understood, and accepted the terms and conditions of this Undertaking.
